Description of the incident, including the suspected cause of death, injury or egregious abuse or neglect:

On September 6, 2018, the agency received a report regarding an 1-year-old infant brought to the hospital with multiple injuries and subsequently pronounced deceased. Law enforcement was contacted and initiated a criminal investigation. The Medical Examiner's Office determined the injuries were non-accidental in nature. As a result of law enforcement's investigation, the infant's mother's friend was arrested and criminally charged with Felony Neglecting a Child (Consequence is Death). A criminal charge is merely an allegation and a defendant is presumed innocent until and unless proven guilty.

Findings by agency, including maltreatment determination and material circumstances leading to incident:

The agency collaborated with law enforcement and medical personnel to complete the assessment. The Initial Assessment completed by the agency found a preponderance of the evidence to substantiate maltreatment of neglect to the infant and his 2-year-old brother and 5-year-old sister by the mother and the mother's friend. The infant's 2-year-old brother and 5-year-old sister were deemed unsafe, taken into Temporary Physical Custody, and placed in a non-relative foster home. Children in Need of Protection or Services Petitions were filed and the case remained open to provide ongoing case management services.
