Case Tracking Number: 141209DSP-Walw-516 **Agency:** Walworth County Department of Health and Human Services

Child Information (at time of incident)

Age: 13 years Gender: Female Male

Race or Ethnicity: African American/Black

Special Needs: None

Date of Incident: 12/09/2014

Description of the incident, including the suspected cause of death, injury or egregious abuse or neglect:

On March 4, 2015, the agency received a Child Protective Services report regarding a 13-year-old female who died on December 9, 2014, after an asthma attack. At the time of the girl's death, no report was made to the agency. The report was made after a review of the child's death was done and there were questions regarding whether the mother accessed appropriate medical care for the child and whether the death could have been prevented. The Medical Examiner's Office report noted no signs of maltreatment or trauma to the child. Law enforcement conducted an investigation. No criminal charges were filed as a result of the investigation.

Findings by agency, including maltreatment determination and material circumstances leading to incident:

The agency collaborated with law enforcement and medical professionals to complete the assessment. The Initial Assessment completed by the agency found insufficient evidence to substantiate neglect of the child by the mother. The Medical Examiner's Office report noted no signs of maltreatment or trauma to the child. The agency determined there was no unsafe condition contributing to the child's death. The agency closed the initial assessment and no service referrals were made.
