Description of the incident, including the suspected cause of death, injury or egregious abuse or neglect:

On March 1, 2017, the agency received a report regarding physical abuse to a 10-year-old child and his 11-year-old brother by the children's mother. Medical professionals who examined the 10-year-old and 11-year-old children stated that the injuries were diagnostic of physical abuse and inflicted injury. Law enforcement was contacted and initiated a criminal investigation regarding the children's suspicious injuries. As a result of law enforcement's investigation, the children's mother was arrested and criminally charged with one count of Child Abuse-Intentionally Cause Harm and one count of Resisting or Obstructing an Officer. A criminal charge is merely an allegation and a defendant is presumed innocent until proven guilty.

Findings by agency, including maltreatment determination and material circumstances leading to incident:

The agency collaborated with law enforcement and medical personnel to complete the assessment. The Initial Assessment completed by the agency found a preponderance of the evidence to substantiate maltreatment for physical abuse to the children by the children's mother. Medical professionals stated that the injuries to the children were indicative of physical abuse and inflicted injury. The 10-year-old, 11-year-old and their two siblings were deemed unsafe, taken into Temporary Physical Custody, and placed in a non-relative foster home. The case remained open to provide ongoing case management services.
