Description of the incident, including the suspected cause of death, injury or egregious abuse or neglect:

On December 3, 2017, the agency received a report regarding neglect of a 16-year-old, 14-year-old, and 12-year-old child. Medical personnel determined that the 14-year-old child had complications of a bacterial infection and that her condition was indicative of medical neglect. Medical personnel also determined that the 14-year-old child had sustained injuries that were non-accidental in nature. Law enforcement was contacted and initiated a criminal investigation. As a result of law enforcement's investigation, the mother was arrested and criminally charged with Neglect (Consequence – Great Bodily Harm), Child Abuse – Intentionally Causing Harm, and three counts of Child Neglect. A criminal charge is merely an allegation and a defendant is presumed innocent until and unless proven guilty.

Findings by agency, including maltreatment determination and material circumstances leading to incident:

The agency collaborated with law enforcement and medical personnel to complete the assessment. The Initial Assessment completed by the agency found a preponderance of the evidence to substantiate physical abuse and neglect to the 14-year-old child by the mother, and neglect to the 16-year-old and 12-year-old children by the mother. All three children were deemed unsafe and taken into Temporary Physical Custody on December 3, 2017. The 14-year-old child remained hospitalized until her death on December 10, 2017. The 12-year-old and 16-year-old children were placed in non-relative group homes. Child in Need of Protection or Services Petitions were filed and the case remains open to provide ongoing case management services.
