Description of the incident, including the suspected cause of death, injury or egregious abuse or neglect:

On June 20, 2023, the agency received a report regarding a 16-year-old child brought to the hospital with a serious injury. Law enforcement was contacted and initiated a criminal investigation. Medical professionals determined the child's injury was non-accidental in nature. As a result of law enforcement's investigation, the child's mother was criminally charged with 1st degree Attempted Intentional Homicide and 1st degree Recklessly Endangering Safety. A criminal charge is merely an allegation, and a defendant is presumed innocent until and unless proven guilty.

Findings by agency, including maltreatment determination and material circumstances leading to incident:

The agency collaborated with law enforcement and medical professionals to complete the assessment. Medical professionals determined the child's injury was non-accidental in nature. The Initial Assessment completed by the agency found a preponderance of the evidence to substantiate maltreatment of physical abuse and neglect to the child by the mother. The child was deemed unsafe and taken into Temporary Physical Custody. Upon discharge from the hospital, the child was placed in the father's care after he was assessed as protective. A Petition for Protection or Services was filed, and the case remained open to provide ongoing case management services.
