What's the Difference?

Child Care Provider Portal (CCPP)	iChildCare Portal
Providers can manage the background checks of all caregivers and non-caregiver employees residing or working in their child care location(s).	Individuals can manage and request their own child care background check information.
Multiple employees of a child care provider can have access to the same portal account.	Only the individual who owns the iChildCare account may access it.
Child care programs can see all caregivers and non-caregiver employees attached to their location(s).	Individuals can see all child care provider locations they are attached to.
Managed by a child care provider.	Managed by an individual.

Frequently Asked Questions

<p>Q: <i>Why am I unable to edit an individual's details in the Child Care Provider Portal?</i></p> <p>A: If an individual has created an account in the iChildCare Portal, then their information can only be edited by the individual in the iChildCare Portal. Their information will automatically be updated in all Child Care Provider Portal locations they are attached to.</p>
<p>Q: <i>Which account should I make?</i></p> <p>A: The Child Care Provider Portal exists for child care providers who wish to manage the eligibility of caregivers and non-caregiver employees active at their child care location. The iChildCare Portal exists for all individuals who wish to reside or work in a regulated child care setting.</p>
<p>Q: <i>Who should I contact if I have trouble accessing either account?</i></p> <p>A: Email the Child Care Background Unit at DCFPLicBECRCBU@wisconsin.gov.</p>
<p>Q: <i>We have a new licensee; how do I add them in the CCPP?</i></p> <p>A: Because all new licensees (e.g., Board President) must be reported to DCF, programs must notify their licensing specialist when they need to change the listed licensee in the CCPP.</p>
